2025 Formulary

(List of Covered Drugs or “Drug List”)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 25389

This formulary was updated on 06/01/2025. For more recent information or other questions, please contact Network Health Medicare Advantage Plans customer service at 800-316-3107 (TTY users should call 800-899-2114), 24 hours a day, seven days a week, or visit networkhealth.com.

2025 Part D Formulary

Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (Formulary) refers to “we,” “us,” or “our,” it means Network Health Medicare Advantage Plans. When it refers to “plan” or “our plan,” it means Network Health Zero, Network Health Select, Network Health Choice, Network Health PlusRx, Network Health PremierRx, Network Health Go and Network Health Anywhere.

This document includes a Drug List (formulary) for our plan which is current as of 06/01/2025. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Network Health Medicare Advantage Plans formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Network Health Medicare Advantage Plans in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Network Health Medicare Advantage Plans will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Network Health Medicare Advantage Plans network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by Network Health Medicare Advantage Plans, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: networkhealth.com/look-up-medications.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Network Health Medicare Advantage Plans’ Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Network Health Medicare Advantage Plans’ Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will

2025 Part D Formulary

remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 06/01/2025. To get updated information about the drugs covered by Network Health Medicare Advantage Plans please contact us. Our contact information appears on the front and back cover pages.

Network Health Medicare Advantage Plans will update the printed formulary document with mid-year, non-maintenance changes on a quarterly basis. However, these types of changes will be available on our website at networkhealth.com 60 days prior to the change. Additionally, if you are taking a medication that is affected by one of these changes you will receive notification in your monthly Part D Explanation of Benefits (EOB) and a separate letter will be mailed to you notifying you of the change.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 16. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular, Hypertension/Lipids. If you know what your drug is used for, look for the category name in the list that begins on 123. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 123. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Network Health Medicare Advantage Plans covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Network Health Medicare Advantage Plans requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don’t get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, Network Health Medicare Advantage Plans limits the amount of the drug that our plan will cover. For example, our plan provides 30 tablets per prescription for pioglitazone. This may be in addition to a standard one-month or three-month supply.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 16. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization restriction. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Network Health Medicare Advantage Plans to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Network Health Medicare Advantage Plans’ formulary?” on page 6 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

2025 Part D Formulary

If you learn that Network Health Medicare Advantage Plans does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.
- You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Network Health Medicare Advantage Plans' Formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Network Health Medicare Advantage Plans limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or, formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will

2025 Part D Formulary

cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you experience a level of care change (for example, if you are admitted to or discharged from a hospital or long-term care facility), you may need additional supplies of medications. If this occurs, your pharmacy can get an override for this situation to allow for early refills. We will not limit your access to appropriate and necessary Part D medication refills if you experience a level of care change.

For more information

For more detailed information about your Network Health Medicare Advantage Plans prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Network Health Medicare Advantage Plans, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Network Health Medicare Advantage Plans Formulary

The formulary below provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 123.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., NOVOLOG) and generic drugs are listed in lower-case italics (e.g., warfarin).

The information in the Requirements/Limits column tells you if Network Health Medicare Advantage Plans has any special requirements for coverage of your drug.

Network Health PlusRx

This table defines the standard copayment structure during the initial coverage phase, which is what you pay after your deductible is met. * Depending on your income level, your actual cost share may be less. For more information, consult your *Evidence of Coverage*.

DRUG NAME	DRUG TIER	REQUIREMENTS/LIMITS
<i>fluticasone propionate/salmeterol xinafoate propion/salmeterol 55-14 mcg, propion/salmeterol 113-14 mcg, propion/salmeterol 232-14 mcg</i>	2	QL (1 PER 30 DAYS)
<i>formoterol fumarate</i>	4	QL (120 ML PER 30 DAYS), B VS D
HAEGARDA	5	PA, LA
<i>icatibant acetate</i>	5	PA, QL (18 PER 30 DAYS)
INCRUSE ELLIPTA	3	QL (30 PER 30 DAYS)
<i>ipratropium bromide 0.2 mg/ml solution</i>	2	B VS D
<i>ipratropium bromide/albuterol sulfate</i>	2	B VS D
KALYDECO	5	PA, QL (60 PER 30 DAYS)
<i>levalbuterol hcl</i>	4	B VS D
<i>levalbuterol tartrate</i>	3	QL (30 PER 30 DAYS)
<i>mometasone furoate 50 mcg spray/pump</i>	3	PA, QL (34 PER 30 DAYS)
<i>montelukast sodium 4 mg tab chew, 5 mg tab chew, 10 mg tablet</i>	1	
NUCALA 100 MG/ML AUTO-INJECTOR, 100 MG/ML POWDER VIAL, 100 MG/ML SYRINGE	5	PA, LA, QL (3 PER 28 DAYS)
NUCALA 40 MG/0.4 ML SYRINGE	5	PA, LA, QL (0.4 ML PER 28 DAYS)
OFEV	5	PA, QL (60 PER 30 DAYS)
OPSUMIT	5	PA, LA, QL (30 PER 30 DAYS)
ORKAMBI 100 MG-125 MG TABLET, 200 MG-125 MG TABLET	5	PA, QL (112 PER 28 DAYS)
ORKAMBI 75-94 MG GRANULE PKT, 100-125 MG GRANULE PKT, 150-188 MG GRANULE PKT	5	PA, QL (56 PER 28 DAYS)
<i>pirfenidone 267 mg capsule</i>	5	PA, QL (270 PER 30 DAYS)
<i>pirfenidone 267 mg tablet, 534 mg tablet, 801 mg tablet</i>	5	PA, QL (90 PER 30 DAYS)
PULMOZYME	5	QL (150 PER 30 DAYS), B VS D
QVAR REDIHALER	3	QL (21.2 PER 30 DAYS)
<i>roflumilast</i>	4	QL (30 PER 30 DAYS)

You can find information on what the symbols and abbreviations on this table mean by going to page 15.

DRUG NAME	DRUG TIER	REQUIREMENTS/LIMITS
RYALTRIS	4	PA, QL (29 PER 30 DAYS)
SAJAZIR	5	PA, QL (18 PER 30 DAYS)
SEREVENT DISKUS	4	QL (60 PER 30 DAYS)
<i>sildenafil citrate 20 mg tablet</i>	3	PA, QL (90 PER 30 DAYS)
SPIRIVA RESPIMAT	3	QL (4 PER 30 DAYS)
STIOLTO RESPIMAT	3	QL (4 PER 30 DAYS)
STRIVERDI RESPIMAT	4	QL (4 PER 30 DAYS)
SYMDEKO	5	PA, QL (56 PER 28 DAYS)
<i>tadalafil 20 mg tablet</i>	5	PA, QL (60 PER 30 DAYS)
<i>terbutaline sulfate 2.5 mg tablet, 5 mg tablet</i>	3	
TEZSPIRE	5	PA, QL (1.91 ML PER 28 DAYS)
THEO-24	4	
<i>theophylline anhydrous</i>	2	
<i>tiotropium bromide</i>	3	QL (30 PER 30 DAYS)
TRELEGY ELLIPTA	3	QL (60 PER 30 DAYS)
TRIKAFTA 50-25-37.5 MG/75 MG, 100-50-75 MG/150 MG	5	PA, QL (84 PER 28 DAYS)
TRIKAFTA 80-40-60MG/59.5MG PKT, 100-50-75 MG/75MG PKT	5	PA, QL (56 PER 28 DAYS)
TUDORZA PRESSAIR	4	PA, QL (1 PER 30 DAYS)
VENTAVIS 10 MCG/1 ML SOLUTION	5	PA, QL (210 PER 30 DAYS)
VENTAVIS 20 MCG/1 ML SOLUTION	5	PA, QL (90 PER 30 DAYS)
WIXELA INHUB	2	QL (60 PER 30 DAYS)
XOLAIR 150 MG/1.2 ML POWDER VL, 150 MG/ML AUTOINJECTOR, 150 MG/ML SYRINGE, 300 MG/2 ML AUTOINJECT, 300 MG/2 ML SYRINGE	5	PA, LA, QL (8 PER 28 DAYS)
XOLAIR 75 MG/0.5 ML AUTOINJECT, 75 MG/0.5 ML SYRINGE	5	PA, LA, QL (1 PER 28 DAYS)

You can find information on what the symbols and abbreviations on this table mean by going to page 15.

ZYPREXA RELPREVV.....61

2025 Part D Formulary

As an enrollee of our plan, you can get a long-term supply (up to 100-days for Tier 1 drugs or up to 90-days for drugs on Tiers 2-4) shipped to your home using our plan's in-network mail order delivery program. Usually, you will receive your mail order prescriptions within 14 calendar days. If your order does not arrive within the estimated timeframe, call Express Scripts Customer Service at 800-316-3107 (TTY 800-899-2114), 24 hours a day, seven days a week.

This formulary was updated on 06/01/2025. For more recent information or other questions, please contact Network Health Medicare Advantage Plans Customer Service, at 800-316-3107 (TTY users should call 800-899-2114), 24 hours a day, seven days a week, or visit networkhealth.com.

Discrimination is Against the Law

Network Health complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex characteristics, including intersex traits; pregnancy or related conditions; sexual orientation; gender identity, and sex stereotypes. Network Health does not exclude people or treat them less favorably because of race, color, national origin, age, disability, or sex.

Network Health:

- Provides people with disabilities reasonable modifications and free appropriate auxiliary aids and services to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats).
- Provides free language assistance services to people whose primary language is not English, which may include:
 - Qualified interpreters
 - Information written in other languages.

If you need reasonable modifications, appropriate auxiliary aids and services, or language assistance services, contact Network Health's Compliance Officer.

If you believe that Network Health has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Network Health
Attn: Compliance Officer
1570 Midway Place
Menasha, WI 54952
Phone: 800-378-5234
(TTY users should call 800-947-3529)
Email: compliance@networkhealth.com

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, Network Health's compliance Officer is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available

at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

This notice is available at Network Health's website: networkhealth.com.
